

MIDAS # 5246

LOON POND

LITCHFIELD TWP., KENNEBEC CO., MAINE

AREA 26 ACRES

LOON POND

Litchfield Twp., Kennebec County
U.S.G.S. Purgatory, Maine

Fishes

Largemouth bass
Yellow perch
Chain pickerel
Minnnows
Golden shiner

White sucker
Hornpout (bullhead)
Redbreast sunfish
American eel

Physical Characteristics

Area - 26 acres

Maximum depth - 20 feet

Temperatures:

Surface - 71⁰F

20 feet - 51⁰F

Principal fisheries: Largemouth bass, chain pickerel, yellow perch

Loon Pond contains suitable habitat for warmwater fishes. An experimental stocking of largemouth bass was done in 1954 through 1956 after the original survey showed that habitat conditions were not suitable for coldwater sport fish. Although these bass stockings have not produced an exceptional fishery, they have provided opportunity for the bass angler.

Surveyed - August, 1953

Revised - 2001
